

# Renewable Heating and Cooling: Saving Money and the Earth

Solar and wind can address our electric needs, but what about our heating needs? For homes and buildings fossil fuels burned for heat and hot water represent our biggest expense and largest source of carbon emissions. So what are our options?

*Come Learn About:*

## Geothermal Heating & Cooling Systems

*Presenter:*

**John Ciovacco**

President of Aztech Geothermal

Mechanical Engineer & NY-GEO Board Member

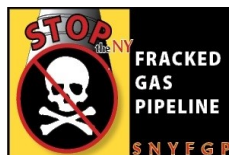

**Wednesday, June 7th, 6:30 - 8:30**

**First United Methodist Church**

1 Gilligan Rd, East Greenbush, NY 12061

*Free of charge and plenty of parking*
